

Stone Creek Tech Assistance

A few members provide tech help for residents at much lower rates than typical computer stores like BestBuy. Contact details available below.

If you need assistance with your home technology including set-up, repairs or learning to use your devices better, these members may be able to help:

For Windows, home networking, or televisions and entertainment centers: Bill Sobel at 574-993-1518 or Dennis Linden at 704-441-2083.

For iPhones, iPads, Mac computers, Google Docs, basic Android stuff, call: Doug Sebring at 440-777-6250

If you would like information regarding offering assistance to residents, please contact one of the above members or Jim Ferguson, 480-277-0889, to discuss possibilities.
