Club Managed Courts. Pickleball Club Rules apply on all courts during the times they are assigned for club play. For example, Courts 1 through 4 are assigned to the club from 7:00 AM – 11:00 AM daily. During those hours, club rules and etiquette apply. Any problems that arise are to be reported to the Club’s Member-At-Large. Safety issues of immediate concern (injury, etc.) are to be reported to any Board member who can be contacted. Club courts and times are highlighted in blue.

Spa Managed Resident Courts. Resident courts and times are highlighted in grey and are managed by the Spa under the control of the Community Spa Director. Club members are requested to avail themselves of the many club courts that are available and **not** use the Resident courts. The Spa Director establishes the rules of use of these courts and manages the reservations system. **It is mandatory that anyone using these courts have a reservation from the Spa.** Any problems arising on these courts is to be referred directly to the Spa desk person. The club does not have any control over these courts and **will not** intervene in any issues arising on Resident courts. Further, any club members playing on resident courts are not playing in a capacity as a club member.
